Secondary motion linked to agenda point 13 - Approval of New Member Fee structure

Background

The proposed change in member fee structure will have a dramatic impact on the cost for our organisation. We understand that a new model is needed, and we appreciate all the work that has gone into outlining this model. However, the board of the Swedish Aikido federation need to take this change and increased cost to our general assembly for final decision. For the benefit of this decision a presentation with links between IAF Directing Committee goals, planned activities and cost, i.e. budget, should be available.

Motion

The Swedish Aikido Federation propose that the IAF GA instruct the new elected IAF DC to present, to its IAF member organisations, an operational plan that include

- description of the prioritised goals of the IAF and its DC for the coming election period
- specifications on how these prioritised goals are to be achieved in terms of activities (activity plan)
- budget specification related to the activity plan

This document should be sent out within 3 months of the election of the new IAF DC.

On behalf of the Swedish Aikido Federation,

Magnus Burman
Chairman
